

Pulsar Delta & PULSAR DELTA+ Carpet Extractor

Item# PE310-G10-U (Pulsar Delta – 10 gallons)

Item# PE310-G15-U (Pulsar Delta+ – 15 gallons)

10 or 15 Gallon Capacity

Dual Element Heater

50-500 p.s.i

Dual Airwatt Motor

Powr-Flite®

A NEW FRONTIER IN PORTABLE EXTRACTORS:

PERFORMANCE AND PROTECTION

Featuring the industry's only vacuum motor designed specifically for wet pickup, providing unmatched performance and moisture protection.

SIGNIFICANTLY REDUCED DOWNTIME

Purpose-built design provides quick access to internal components and drastically reduces downtime associated with service and maintenance.

FREEDOM TO MOVE

Unparalleled storage and mobility, taking the hassle out of moving from room to room and job to job.

SPECS:

PULSAR DELTA / PULSAR DELTA+	
MODEL	
PE310-G10-U / PE310-G15-U	
SOLUTION TANK	
10 Gallons / 15 Gallons	
VAC MOTOR	
Dual Airwatt (1,250 Watts)	
CFM	
133	
WATERLIFT	
215"	
SOLUTION PUMP (PSI)	
50-500	
HEATER	
Dual Element	
MAX HEAT	
210	
VACUUM/SOLUTION HOSE	
20 Ft. Outsider Hose	
VACUUM HOSE DIAMETER	
1.5"	
CORD CONFIGURATION	
Dual Circuit	
FRONT WHEELS	
4" Casters	
REAR WHEELS	
12"	
WEIGHT (LBS)	
166 / 170	
DIMENSIONS (LxWxH)	
36.5"x23.5"x41.5" / 36.5"x23.5"x45.5"	

ACCESSORIES

PART #	DESCRIPTION
WANDS	
PFX-KIT2	1 Jet Wand, 200
PFX-KIT3	PSI 2 Jet Wand,
WW1000-2	Wondor Wand™, 2 Jet, 1000 PSI
HAND TOOLS	
A	Stair Tool, 6" Head, 800 PSI
A192	Detailer Tool, 3 1/2" Head, 500 PSI
A	Upholstery Tool, 4" Head, 500 PSI
AA144DC	(Delta Only)
A161	Upholstery Tool, 4" Head, 500 PSI
A A176	(Delta+ Only)

STAIR CLIMBER

Large 12" rear wheels and unique stair-assist design take the strain out of sliding the unit up and down stairs.

LOADING WHEELS

Handle-mounted transportwheels for easy loading and unloading.

ON-BOARD STORAGE

Keep everything you need for the job on-board with dedicated storage for the wand, hose and power cords.

SIMPLE OPERATION

Simple to use and understand controls, all user-facing and conveniently placed within reach.

CLAMSHELL DESIGN

Easy access to internal components, drastically reducing downtime for repairs and maintenance.

REAR SERVICE PANEL

Immediate access to the pump for service, if needed.

THE AIRWATT MOTOR DIFFERENCE

- The Pulsar's Airwatt motor is the industry's only purpose built vacuum motor for wet pick-up, providing unmatched performance and protection.
- Patent-pending, sealed bearings prevent exposure to cleaning chemicals and moisture for longer motor life.
- Curved "Eternity" brushes provide three times longer motor brush life (1,500+ hours).

Bearings moved to clean dry area of motor

Additional protection from relocated cooling fan (between fan system and bearing)

Isolated with a seal

Additional bypass prohibits water near dry area - secondary bearing protection
